

WELCOME TO THE FUTURE

BoldNet Neo is a new way for you to access information about your account online.

You can quickly review and update account information from anywhere!
You have direct control of your information and when it is updated.

BoldNet Neo will be replacing our current web access system. We look forward to providing you with the improved functionality.

Please contact us with any questions!

With BoldNet Neo you can:

- Update account information online or through the mobile app at any time.
- Access powerful reports that can be emailed or downloaded to your computer.
- Access account history and see exactly what the central station dispatchers see.
- Review and update your current contact list, account specific instructions, and authorized employees.
- Control your information and when it's updated.
- Save time when you no longer have to contact your central station for account updates and changes.
